Recycling & Trash Collection Policy

Deodar Plantation trash and recycling services are provided by the City of Aiken Utilities Department. Regular garbage pick-up is each week on Tuesday. Your containers may be placed at your curb after 5 PM each Monday and are required to be brought in from the curb within 24 hours from the time of pick-up. Please help us provide efficient service by following the below guidelines.

1. Have roll carts at the edge of the street, ready for pickup by 7:00 AM.
2. Roll carts are to be placed at the edge of the street with the handle facing the resident's home. When the cart is positioned correctly it will be natural to open the lid from the street and not from the yard.
3. Keep at least 3 feet of clearance between your roll cart and any other item(s) including additional roll carts.
4. Please remove containers from the edge of the street within 24 hours of pickup.
5. If residents have more garbage than will fit into the roll cart, it must be bagged and placed beside the roll cart on the street.
6. Residents who consistently have bags outside the roll cart will be required to obtain an additional roll cart from the Aiken Utilities Department.

Trash and household waste are collected in city-provided containers. The City of Aiken offers a special collection service for the removal of some items that either do not belong in a rolling cart or that will not fit in a rolling cart. Examples of items that do not belong in a roll cart are chemicals, car batteries, televisions, computer monitors, cell phones, medical waste, prescription drugs, large metal items, engines motor parts, grills, paint, etc. The City of Aiken strives to provide solutions should you experience issues or complications with services provided. Please contact them at 803-642-7613 if you need additional assistance or clarification.

YARD DEBRIS:

If you as a resident accumulate any yard debris, you may place this at your curb with your regular pick up each week. Please see below for the City of Aiken guidelines. Residential yard trash is defined as the collection of vegetative materials from residential property. This type of trash may include, but not limited to, trimmings, tree branches, pine straw, leaves, and grass clippings. These items, created through normal residential property maintenance, may be put out for pickup. Keep in mind that yard debris cannot go to the curb until the evening before pickup.

1. It should be unlawful to place yard trash on, or within three feet of the water meter, fire hydrant, or any other obstacle.
2. Yard trash piles are limited to one pile per property.

3. Yard trash piles cannot be placed under utility lines or tree limbs with less than three feet of overhead clearance.
4. Where utility lines, tree limbs, road configuration, or any other safety concern makes it impractical to locate the yard trash pile either on owners' or tenants' property, at the public service's discretion, the City of Aiken may identify an alternate location. Such alternate locations may include but are not limited to community piles with neighboring property owners.
5. The maximum length of a yard trash pile is 12 feet.
6. During leaf season yard trash piles, consisting of predominate leaves, may exceed the twelve-foot maximum length.
7. The Public service director, or his department designee, will determine when leave season begins and ends each year.
8. Following a recognized weather event or natural disaster, at the Public Services Director's discretion, the city may allow for oversized piles with no additional charges.
9. All limbs or other vegetative debris must be cut in length of six feet or less.
10. Trees cut by a contractor must be removed by the contractor.

RECYCLING

The City of Aiken is on a bi-weekly recycling schedule. Every other week you may place your recycle container at your curb with your regular pick-up. Every other **Blue Tuesday** is a recycling day in Deodar. You can also visit the City of Aiken's recycling page on line.

Holiday Collection Schedule

Typically, if a holiday or office closing falls on a Monday, Tuesday, Wednesday, or Thursday, garbage, recycling & yard debris collection will be delayed by one day starting with the day of the holiday. If a holiday falls on Friday, there is no change in service. The City of Aiken Utilities Department can be contacted to check on the Holiday Collection Schedule.

- . New Year's Day
- . Martin Luther King, Jr. Day
- . Good Friday
- . Memorial Day
- . Independence Day
- . Labor Day
- . Veterans Day
- . Thanksgiving Day
- . Christmas Eve
- . Christmas Day
- . Day After Christmas

DROP OFF SITES:

Aiken County provides many convenient drop-off sites for household-generated garbage, recyclables, and yard debris. For e-waste, you will need to use either the New Ellenton, Langley, Belvedere, or Reynolds Pond road drop-off sites. These residential use sites are free to Aiken County residents and are open as scheduled, except for Sundays and the following Holidays; New Year's Day, MLK Day, Good Friday, Memorial Day, July 4th, Labor Day, Thanksgiving Day, and Christmas Day.

SPECIAL COLLECTION SERVICES

Furniture, including but not limited to box springs, chairs, tables, white goods, (i.e. appliances) and metal items shall be considered a special collection. These special collections must be scheduled with the public services department. Special collection fees shall be added to the monthly city utilities bill. The cost to pick up unscheduled special collections shall be double the normal special collection fee. Please call the City of Aiken Utilities Department at 803-642-7613 to arrange for these special collections.
